## Remote Control

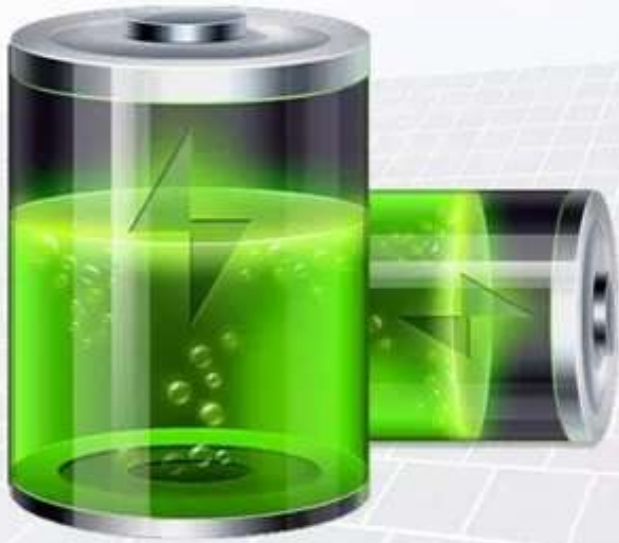

## Lighting Mode

Intelligent automatic power reduction

Time	0-0.5H	0.5-2H	2-4H	5H	To Dawn
Constant lighting brightness	100-80%	80-60%	60-50%	50-40%	40-30%

## Lithium Battery

LiFePO4 Lithium battery 32650

Longer circulation lifespan

High ambient temperature tolerance

## IP67 Waterproof

Suitable for all kinds of outdoor using.

Perfectly sealed waterproofing.

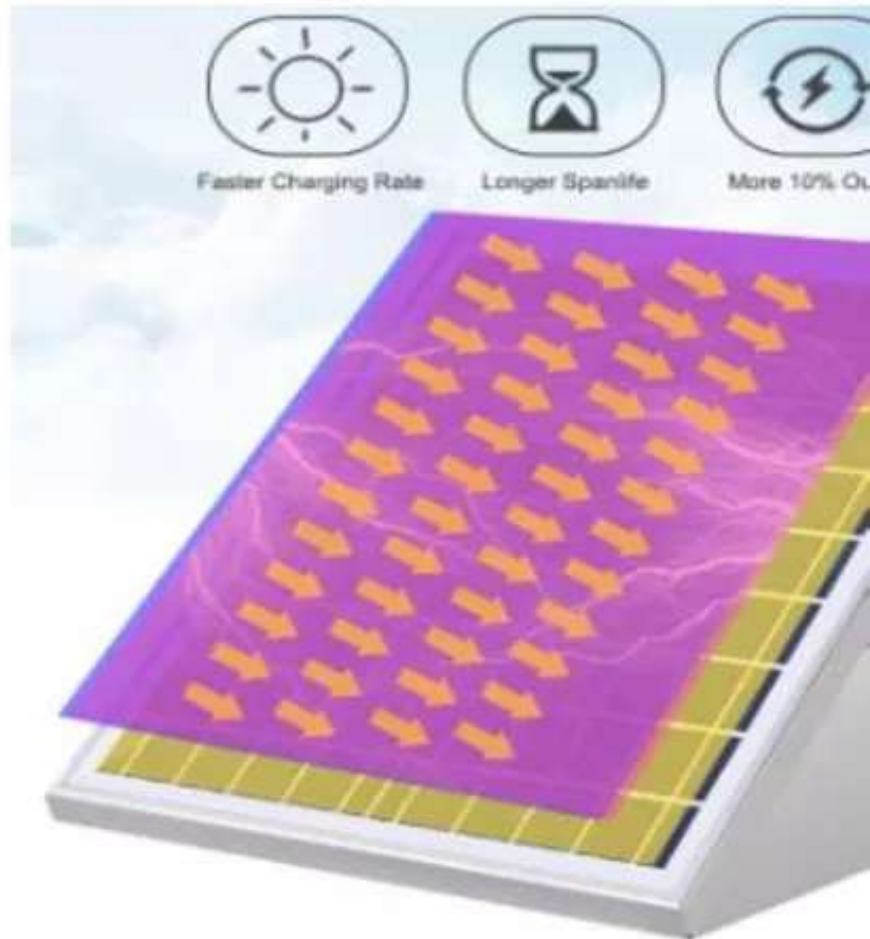

## Strong bracket

Well-designed bracket with strong structure, durable, strong wind resistance.

## Fast Charging

- POLY solar cell
- High efficiency >17%
- Fast charging technology
- Quality aluminum alloy frame
- Thickend bracket
- Long lifespan

## High Lumen

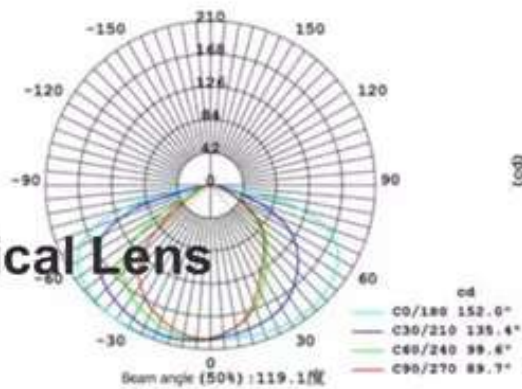

2835LED Super bright chip.  
Higher Luminous Intensity  
lower thermal resistance  
and a greater luminaire  
stability.

Longer Lifespan.

## Optical Lens

Greater luminous uniformity and  
offers the ultimate in design flexibility.

The beam pattern is perfect for  
sidewalks, pedestrian promenades,  
bicycle paths, minor roads and  
parking lots.
